- Complex Problem Solver
- Fast Learner
- Passion and Honesty
- High Quality

EMPLOYMENT HISTORY

Web Developer, ARC Document Solutions

In this role, I learned the best practices and design patterns and developed app integration with REST/SOAP and other APIs for Social media logins, payment processors and other services.

And I translated client requirements into application designs and systems requirements effectively.

I delivered 12 small to medium scale web projects with 3 other developers based on popular libraries like React, Angular and Vue.js.

04/2012 – 07/2017

Richmond, VA,
United States

Senior Full Stack Developer, WillowTree

While working with the customers in various projects such as sports betting project, I implemented the use of user feedback in program improvements, resulting 50% boost in customer satisfaction ratings. In this company, I designed the architecture of project and developed a user-friendly websites, including optimized check-out page.

07/2017 – 11/2021

Charlottesville, VA,
United States

Remote Web Developer, Self Employed

While I have been working as a remote developer, I learned how to work with remote teammates and clients.

In the process, I improved my skills to serve your coding needs and I am ready for your project.

I will produce perfect result for you.
